

MON 3 DEC 2018

International Day of Disabled People

The Disabled Staff Forum cordially invites you to join us on the International Day of Disabled People. IDDP is an opportunity to promote the rights and well-being of disabled people, and raise awareness of the experiences of disabled people in every aspect of life. This year's focus is on empowerment, inclusiveness, and equality.

Be a part of the purple revolution. Come to our fun event acknowledging the Disabled Staff Forum's achievements and discussing future work we can undertake! Prejudice can be positively challenged by building communities – help us build and sustain that community here at Manchester Metropolitan.
